DCM Report: Budd M. We had some Key Fob issues, but they were straightened before the meeting with Stephen H from the Alano Club. There is a lot of information from Gene M. in totes regarding historical information. Melvin and Budd attended the Area Meeting in Aitken. They set up a District 3 committee that is made up of a tech person, northern lights rep. Christine, and they were tasked to verify the Alano club meetings.

Some groups should consider name changes for the sake of more easily identifying specific groups and also for more GSR reps for voting purposes.

Also shared some 72nd conference information especially regarding rewording of the Big Book.

Alternate DCM/Meeting List/Round Robin: Melissa would like this position and could possibly combine with Literature.

CPC/PI Report: Open Position Pete S. No report

Grapevine Report: Melissa M: There is a link in the bio on their instagram account

Helpline Report: Bill D. We had 3 calls this month where information was shared with healthcare professionals.

Pin ups are helpful and we should consider adding the title Community Service on the top so they stay posted longer. Also is going to print more business cards.

Literature Report: Open Position Bill D. has all the literature and will train whoever wants the position, the position does have its own budget for mileage as well as keeps its own money reserve to replenish books.

Treatment Report: Patti D. There was an issue at Lakes Counseling with the Perham group. They talked to Ed and it was discussed that people needed to be more sensitive to the clients.

Corrections Report: Open Position Bill D. Becker County Jail is now holding meetings Sunday night men's meeting and Budd will look for some pamphlets that would be helpful.

Webmaster Report: Pete S. If anyone has files email them to Pete for uploading on the website. Some minutes have been uploaded and Stephanie can help set up an Archives page. Pete got together with Roger to go over some stuff.
Made contact with the webmaster, making good progress.
